PROFESSIONAL SUMMARY

Motivated B.Sc. IT student with hands-on experience in full-stack web development, responsive UI design, and database systems. Dedicated to applying technical skills in professional environments and contributing to scalable, user-focused software solutions.

PROJECTS

1. Interview Preparation Platform   # Live Demo

Designed and developed a professional, responsive platform offering curated interview questions, coding challenges, mock interview guidance, and learning resources. Built with a clean UI/UX and optimized navigation to help students strengthen technical knowledge and improve interview readiness

2. Tourism & Travel Information System   # Live Demo

Created an interactive travel information system featuring curated travel packages, cultural highlights, and destination insights. Focused on responsive design, smooth user experience, and visually engaging layouts that allow seamless exploration of India's culture and travel spots..

3. E-Commerce Clothing Store Interface   #Live Dome

Developed a modern e-commerce clothing interface with category-wise product navigation, responsive layout, and clean product pages. Prioritized user experience, optimized loading speed, and delivered a professional shopping flow tailored for online clothing retail.
